Roxy is our rescue girl, the one who started it all for us and got us involved in this magnificent breed. We adopted Roxy September, 2003 at the age of 1 1/2 years. She originally came from Detroit, Michigan and through the kindness of the DDBSA rescue folks she had the opportunity to live with us. Roxy is always willing to go to a rescue function and support her breed by being a sweet and patient ambassador, allowing folks to pet her and letting children crawl all over her. We cherish every day we have had with her and can't imagine our lives without her.
