Morgun is a 7 yr. old, female Bordeaux. She was bred by Bill Bateman in Oregon and shipped to us at 8 weeks of age. She lives with 3 cats and is guardian of her 3 cats, her mom, her territory (as far as she can see) and her van. Morgun has had surgery on her left knee for a torn ACL twice, needs thyroid replacement as well as digestive enzymes daily, and has had at least 2 strokes from which she has recovered unbelievably well. Through all of this, her smile and sense of humor are unbeatable! My husband loves to tell everyone how she sleeps between us in bed and pushes me out onto the floor with her legs so she can have my space. We would be so fortunate to be able to keep her around for another 7 years!
